

Applicants: D. E. Yelton and M. J. Rosok  
Serial No.: 08/905,293  
Filed: August 1, 1997  
Page 7

SEQ ID NO: 6 (corresponding to the primer described in the specification at page 33, line 29) and in SEQ ID NO: 10 (corresponding to the DNA sequence from Figure 14) of the original sequence listing have been corrected.

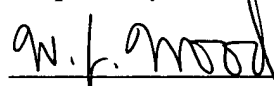

The amendments to the specification are primarily editorial or relate to the identification of sequence listings and do not introduce new matter. Amendments which involve the correction of typographical errors such as those in plasmid or clone designations are supported in the figures or the specification as originally filed. The amendment to the primer sequence at page 31, line 16 is supported by its correct sequence in SEQ ID NO: 2 as originally filed. The amendment to the primer sequence at page 31, line 26 is supported by its correct sequence in Figure 14 as originally filed. Applicants respectfully request entry of these amendments.

When the Examiner takes the application up for the first Office Action, consideration of the Amendments and remarks presented herein is respectfully requested.

If any fee, other than the one-month extension of time fee of \$110.00 and the missing parts fee of \$130.00, is deemed necessary in connection with the filing of this Amendment, the Patent Office is authorized to charge the fee(s) to Deposit Account No. 13-2724.
